

Supply Plenum Adapter, UPC-61

GENERAL

All *Unico System* supply plenum adapters feature a rectangular to round transition. The UPC-61-X (See table below for Part number match-up.) allows air to transition gradually from the blower outlet to the main plenum.

Supply Adapter	Matching Blower Module
UPC-61-1218	U1218/M1218
UPC-61-2430	M2430B/V2430
UPC-61-3036	M3036B/V3036
UPC-61-3642	M3642B/V3642
UPC-61-4860	M4860B/V4860

SUPPLY ADAPTER CONSTRUCTION

The supply adapter is constructed of 28 gauge galvanized steel. The supply adapter is insulated with 1-in (25-mm) thick blanket fiberglass which is shipped loose with the supply adapter. See Dimension drawing. Pre-fabricated holes allow for easy installation on the front of the blower module.

Figure 1. UPC-61-1218

		Model, UPC-61-				
		1218	2430	3036	3642	4860
Dimension, inch (mm)	A	6.5 (165)	6 (152)	7.16 (182)	7.16 (182)	10.13 (257)
	B	3.25 (83)	6.38 (162)			
	D	7 (178)		9 (229)	9 (229)	10 (254)
	L	12 (305)		18 (457)
